

4:00 310 Business Agenda:

MEETING CALLED TO ORDER:

THOSE PRESENT:

READING AND APPROVAL OF MINUTES FOR July 19th Meeting:

GUESTS:

310 INSPECTION REPORTS ~ READY FOR DECISION:

Inspection Date	8 /7 /2012	Application Number	GD-052-12
Applicant	Gerry Graff		
Landowner	Rick & Debbie Lane		
Perennial Stream	Bear Canyon Creek	Section	26 T 2S R 6E
Type of Project 1	Irrigation Structure		
Purpose	Repair irrigation tile/pipe that has been washed out. Remove portions of tile, install gravel base over existing tile to bring to proper grade and install new 21" galvanized culvert. Incase joint with concrete. Tie new culvert back to bridge and existing rock walls.		
Inspection Recommendation	Approved as Proposed		
Inspection Comments	Disturb minimum vegetation during construction. Would like to have concrete pipe come out but a base is needed for new pipe. Only other option is to replace pipe with riprap which would be a greater impact to stream (bed disturbance). Complete work before Oct 10th. (Purple weed present)

Board Decision			

Inspection Date	8 /7 /2012	Application Number	GD-053-12
Applicant	Joe Miller		
Landowner	unknown		
Perennial Stream	West Gallatin (Heeb Duffin Ditch)	Section	4 T 1S R 4E
Type of Project 1	Irrigation Structure		
Type of Project 2	Water diversion into ditch		
Purpose	To divert water from West Gallatin River into Heeb Duffine Ditch .		
Inspection Recommendation	Approved as Proposed		
Inspection Comments	Considerable knapweed in the area.		
Discussion			
Board Decision			

Inspection Date	8 /7 /2012	Application Number	GD-054-12
Applicant	Laef Olson		
Landowner	Same		
Perennial Stream	UT of Wortman Creek	Section	18 T 3S R 5E
Type of Project 1	Road Construction/Maintenance		
Purpose	To provide perpetual access at two locations across an UT of Wortman Creek. Both proposed crossings will consist of three-foot, corrugated metal culverts.		
Inspection Recommendation	Approved as Proposed		
Inspection Comments	Very small stream. Thistle in area.		
Discussion			
Board Decision			

Inspection Date	8 /7 /2012	Application Number	GD-055-12
Applicant	Sagehorn Land and Conservation , LLC		
Landowner	Hamilton Ranch Partners and Big Blue River LLC		
Perennial Stream	Dry Creek	Section	14 T 2N R 4E

GALLATIN CONSERVATION DISTRICT MEETING AGENDA
 August 16, 2012 –4:00 p.m. 310 Business; 7:00 p.m. District Business
 EAST-wing Conference Rm, 3710 Fallon Street, Bozeman, MT 59718

Type of Project 1 Bridge Construction
Type of Project 2 Road Construction/Maintenance
Purpose Construct two bridges across Dry Creek to provide vehicle access to residential lots located on the west side of the creek. North Bridge will be 18 feet wide and 45 feet long. South Bridge will be 18 feet wide and 45 feet long.
Inspection Recommendation (Applicant missed inspection – will inspect on 8-15-12 and report at meeting)
Discussion
Board Decision

Inspection Date 8 /7 /2012 **Application Number** GD-056-12
Applicant Black Butte Ranch Trust
Landowner Same
Perennial Stream Gallatin River **Section** 7 **T** 2S **R** 6E
Type of Project 1 Bridge Removal
Type of Project 2 Bridge Construction
Type of Project 3 Placement of Fill
Purpose Replace existing bridge with a longer span bridge (80 ft x 14 ft) at same location that will improve safety as well as river hydrology and hydraulics. The constriction of the river will be eliminated by excavating existing fill and rip rap. (Existing channel width under bridge is approx. 39 ft; up and downstream bank width is approx. 60 ft.)
Inspection Recommendation Approved as Proposed
Inspection Comments Bridge span is approx. twice as long as existing bridge. This project will be a net gain for the river. Work will include resetting some rip rap that has tumbled into river.
Discussion
Board Decision

Inspection Date 8 /7 /2012 **Application Number** GD-057-12
Applicant Deanna Campbell
Landowner Same
Perennial Stream UT Baxter Creek **Section** **T** **R**
Type of Project 1 Bridge Construction
Type of Project 2 Bank Stabilization
Purpose Access to acreage on east side of water with farm equipment and mitigate damage to stream bank. Build a free span bridge (18' x ?) and restore banks.
Inspection Recommendation Approved as Proposed
Inspection Comments Bridge free spans stream so only impact is crossing of stream for construction. Hounds tongue and thistle at site.
Discussion
Board Decision
